At the very least, Fathers Day should mean unlimited channel surfing.

- *Melanie White*

I enjoy Father's Day. It's a time when I pause to reflect on the joys that has come into my life thanks to my two wonderful children, whose names escape me.

- *Dave Barry*

I got my Dad a GPS for Father's Day. Now someone other than my mom can tell him where to go.

- *Melanie White*

A father is neither an anchor,

To hold us back, nor a sail to take us there,

But a guiding light whose love shows us the way.
